

*Sister Parish Covenant
San Antonio Soyapango - St. Ignatius of San Francisco*

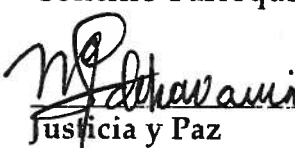

In the spirit of solidarity among people inspired by Archbishop Romero and all the martyrs, we support sister parish covenants at the local, national and international level. The Parish of San Antonio, Soyapango and St. Ignatius in San Francisco have shared the pain of the earthquakes and the attacks of September 11th. We have also shared joyful moments in our interchange and solidarity. Today we formalize our friendship through a Covenant in which we declare ourselves Sister Parishes. As Sister Parishes, we commit ourselves to strengthen our friendship and work together in support of peace with justice for our peoples. We commit to:

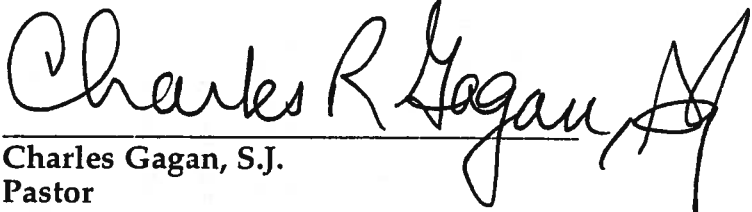

- Educate our communities about our sister relationship.
- Strengthen the ties between members of the Parishes of San Antonio and St. Ignatius.
- Organize activities that advance peace with justice and which strengthen the well being of our communities, especially women and immigrants.
- Unite in prayer, Eucharist and other expressions of faith.

Through this covenant and with great warmth, we extend a welcome to the members of the congregations of our two parishes and reaffirm our hope of strengthening the ties that unite us this day.
